Automation QA Engineer / SDET with **6+ years** of experience building and maintaining test automation across **SaaS and Healthcare** platforms. Expertise in **UI, API, Mobile, Database, and Performance** testing, with hands-on ownership of **BDD automation frameworks (Java, Selenium, Cucumber, TestNG), Playwright/TypeScript automation, CI/CD pipelines (Azure DevOps, Jenkins), and JMeter performance testing**. Has designed a test automation framework **from scratch** for a healthcare platform covering both UI and API layers. Comfortable managing multiple concurrent projects across time zones in distributed, cross-cultural teams.

PROFESSIONAL EXPERIENCE

NeoSoft Pvt Ltd | Senior Automation Test Engineer | Aug 2025 – June 2026

Project: Evatro (SaaS) — Java, Selenium WebDriver, Cucumber, TestNG, Azure DevOps, Git/GitHub, Gherkin, Maven, Jira

- Built and maintained **UI automation test suites** using **Java, Selenium WebDriver, Cucumber, and TestNG**, including reusable BDD scenarios and step definitions for regression coverage.
- Owned **manual, functional, regression, and end-to-end testing** alongside automation, translating requirements into structured test cases before execution.
- Configured and maintained **CI/CD pipelines in Azure DevOps** for automated build, test, and deployment.
- Managed **Git/GitHub** source control workflow (branching, pull requests, code reviews) for the automation codebase.
- Logged and triaged defects in **Jira**; drove daily/weekly status calls with the client.

Project: VPieNextGen (SaaS) — Playwright, TypeScript, Cucumber.js, Apache JMeter, Azure DevOps, Gherkin, Jira

- Developed end-to-end UI automation using **Playwright, TypeScript, and Cucumber.js**, extending automated regression coverage.
- Built **JMeter performance and load test scripts**, analyzing response time, throughput, and error rate to support scalability decisions.
- Managed application deployments and CI/CD pipeline execution in **Azure DevOps**.
- Logged, tracked, and validated defects in **Jira** within an Agile/Scrum team.

Intertek India Pvt Ltd | QA Engineer | Oct 2023 – June 2024

Project: EDC (Electro), Healthcare — Java, Selenium, Cucumber, TestNG, Jenkins, Git, Perfecto, Jira, Gherkin

- Built and maintained **BDD automation scripts (Java, Selenium, Cucumber)** for a healthcare EDC platform, including framework updates and reusable test utilities.
- Executed and monitored automated test runs on **Perfecto's** device cloud.
- Performed **accessibility testing using AXE DevTools and NVDA** screen reader, plus mix-panel/analytics validation testing.
- Conducted **database testing using SQL** to validate backend data integrity.

SGS India Pvt Ltd | QA Analyst | Dec 2022 – Oct 2023

Project: Cambia, Healthcare — Java, Selenium, TestNG, Jenkins, Git, Jira, Cypress

- Designed and built a **Selenium/Java automation framework from scratch** for a healthcare web platform, covering both UI and API test layers.
- Owned end-to-end **manual testing, test management, and defect monitoring** for the Cambia web platform.
- Performed **API testing using Postman** to validate backend service behavior.
- Built a **performance testing framework combining AWS CloudWatch and JMeter** to evaluate scalability and resource utilization.

Project: Caresource, Healthcare

- Performed manual and automation testing on an **AI/ML-driven healthcare platform**, including algorithm testing and data quality, integration, robustness, and interpretability testing for ML components.
- Developed and executed **Android/iOS mobile automation scripts using Appium with Python**.
- Executed **performance and load testing with Apache JMeter** to validate system scalability and reliability.
- Designed automation test scripts in **Java using Cucumber BDD and Robot Framework**.
- Tested **SOAP and REST web services using Selenium WebDriver, Postman, and SoapUI**.

TECHNICAL SKILLS

Programming Languages	Java • Python • TypeScript • SQL
Automation & Frameworks	Selenium WebDriver • Cucumber (BDD) • TestNG • Playwright • Appium • Robot Framework • Cypress
API & Web Services	Postman • REST & SOAP web services testing
Performance Testing	Apache JMeter • AWS CloudWatch
CI/CD & Version Control	Azure DevOps • Jenkins • Git • GitHub
Tools & Platforms	Jira • Perfecto • AXE DevTools • NVDA
Testing Expertise	Manual • Functional • Regression • End-to-End • Mobile (Android/iOS) • Database • Accessibility • Agile/Scrum

EDUCATION

- M.Sc. — Fergusson College, Pune (Autonomous), affiliated to Savitribai Phule Pune University | 2017 – 2019
- B.Sc. — Shivraj College, Gadhinglaj, Shivaji University Kolhapur | 2014 – 2017
- 12th — Sambhajirao Mane Jr. College, Gadhinglaj | 2014
